5.1.3. Closing or Discontinuance of Fund

The Company may, at its discretion, with the approval of IRDAI, close or discontinue any Fund on the happening of an event, which, in the opinion of the Company, requires the Fund to be closed or discontinued. In the event the Company decides to close or discontinue any Fund, the Company shall give at least three months prior written notice to the Policyholder. The Policyholder shall be given the option to change his/her investment Allocation within the existing Funds. No Charges shall be applicable for this option. 5.1.4. Creation of Units

Where single premium is received and accepted at the Company's Office on a Business Day, the number of Units to be created shall be computed using the NAV per unit (Unit Price) as determined on the Valuation Date.

5.1.5. Computation of Net Asset Value (NAV)

The NAV will be computed as per IRDAI (Insurance Products) Regulations, 2024.

The NAV for a particular fund shall be computed as: Market Value of investment held by the fund plus the value of current assets less the value of current liabilities and provisions, if any. This gives the Net Asset Value of the fund. Dividing by the number of Units existing at the valuation date (before creation/Redemption of Units), gives the Unit price of the fund under consideration.

In case the valuation day falls on a holiday/non-Business Day, then the exercise will be done on the following working day.

For a very large transaction above a threshold level, in order to maintain equity and fairness with all Unit holders, We may choose to apply special treatment for all transactions, which involve purchase or sale of underlying assets. The number of Units allocated may reflect the expenditure incurred in the actual market transactions which occurred. The value of Units obtained from encashment may be the actual value obtained as a consequence of the actual market transactions which occurred. Transactions may occur over a number of days. The threshold level will vary from time to time, depending on, amongst other matters, the liquidity of the stock markets. Our current threshold for large transactions will be Rs. 50,000,000 for a fund predominantly investing in Government securities and Rs.25,000,000 for a fund investing in highly liquid equities.
