

L-42- Valuation Basis (Life Insurance)
Reliance Life Insurance Company Limited
Registration with IRDA : 121 dated 03 January 2002

VALUATION BASIS FOR THE YEAR ENDED 31st DECEMBER,2014

A Chapter on Valuation basis covering the following minimum criteria.

a. How the policy data needed for valuation is accessed.

The policy details under Individual and Group policies are maintained in the policy administration system. The details of the policies as at 31 December 2014 were frozen and backed-up after the close of the business.

b. How the valuation basis are supplied to the system

Majority of the policy liabilities under Individual Par and Individual Non Par Business (excluding unit liabilities and accumulation account) are valued using PROPHET actuarial software. Valuation basis are fed to this software using tables. A small proportion of the policy liabilities are valued using the excel spreadsheets. The valuation basis is supplied in the excel template.

1)

4) **Bonus Rates:**

Policy liabilities under Par Business are valued using bonus rates consistent with the current experience and expected investment yields. Future reversionary bonus rates vary between 1.1% and 3.7%

5) **Policyholders Reasonable Expectations:**

Most of the company's business relates to unit linked and non-par business. Under both these segments the policy benefits are not under the discretion of the company. As on 31 December 2014, only 16% of the policy liabilities were under Par Business. The expectations of these policyholders are managed by declaration of bonus in line with the current experience under Par policies. Around 6% of the policy liabilities were under Non Linked Non Par Business where Company declares the Accumulation Rate at the start of the Financial Year. The expectations of these policyholders are managed by declaration of Accumulation Rate in line with expected investment return during the financial year.

6) **Taxation and Shareholder Transfers:**

Tax Rate	14.1625%
Shareholder Share of Profits:	
(i) Par Business	10%
(ii) Non Par Business	100%

7) **Basis of provisions for Incurred But Not Reported (IBNR):**

An explicit provision for IBNR was made based on the total claims paid during the last twelve months.

(v.1) Interest	Changed from 6.0% p.a. to 5.75% p.a.
(v.2) Mortality	No change
(v.3) Expenses	No change
(v.4) Inflation	No change

*The reserve under Group business is based on unexpired premium method or 15 days mortality charges, therefore no assumptions are required. However, for a small insignificant part of Group business (Group Saving Linked Insurance Plan, Jan Samridhi Plan, Reliance Sarv Samridhi Plan and Group Credit Assure Plan), the non unit reserve is based on the assumptions as mentioned in the respective sections above.
